

# When will Daddy be home?

6 construction workers fell  
to their **DEATH** in 2013

*Think!*

# No job is worth **falling** for! *Think!*

## Before you work at height consider:

- ✓ Have I thought about how I am going to do the job safely?
- ✓ Do I have to work at height or can I carry out the work at ground level?
- ✓ Have I got a safe working platform?
- ✓ Do I have safe and secure access to the work area?
- ✓ Am I using the right kind of work equipment?
- ✓ Is my work equipment in good working order?
- ✓ Have I received adequate training, information and supervision?
- ✓ Are the weather conditions safe to work at height?
